19 June - 30 June 2017

Principal's Report

Dear Coburg SDS Community,

It has been a fantastically busy term with our students working really hard to achieve their personal goals.

On a staffing front:

We wish Tara all the best while she takes maternity leave

We wish Janine the very best of luck with her new role supporting the teachers and students at Northern School for Autism. Janine has been an extremely hard working member of staff and we wish her well in her new endeavours.

Sylvia will remain on leave for term 3, we will be advertising for a replacement teacher over the holidays. Families in room 6 will be notified of the outcome of this process as soon as we can.

We had a great finish to the term with our whole school 'Science Day' experiments! There were volcanoes, gloop, comets, rockets and heaps more. I'd like to thank Riley and Christian for their help with the 'Great Mentos' experiment. I am not sure I would have been able to make quite the same mess without them! All the classes participated in the activities and it was great to see our preps engaging so well in all the activities, they really have settled well into school life.

Last day of School at 2.00pm tomorrow and school starts back on Monday 17th July.

I wish all of our staff, students and families a safe and hopefully restful school holidays.

Take Care
Justin Esler

Science Day - Thursday 29 June

Here are 3 photos of Science day in Room 4, we did 'flight'.

Sally-Anne and Riley had a Balloon Rocket race and Sally-Anne's balloon won!

Sally-Anne and Riley made a comet.

Mahmoud's comet went through the red ring, you can see the yellow balloon with streamers near the Whiteboard.
